## 11. Miscellaneous

In 2018 and 2019, I spent two semesters at Michigan State University (East Lansing, Michigan, USA) and Concordia University (Montreal, Quebec, Canada), revisiting in September-October 2022. In August-September 2024, I will visit Berkeley University to finalize a paper with Professor Chris Ansell. These periods have enhanced my research outputs and allowed me to establish international connections. I am deeply enthusiastic about contributing to the fields of public administration and public policy, mainly in social services. I also contribute to my fellow academics, helping doctoral students in general and female students specifically in their quest for an academic career. I co-founded and co-managed the Junior-ESPAnet Israel Community for Research students and mentored young female academics at Sapir Academic College.
